## Voluntary Suspension Extension Request

Further to the voluntary extension requested on 3 October 2011, Mineral Commodities Ltd ("**MRC**" or "**the Company**") requests an extension to the existing voluntary suspension of the trading of its securities.

Recent prevailing market conditions are unfavourable to financing the Cable Sands acquisition in its current form and timetable. The Company continues to explore its alternatives and is in discussions with the Vendors of Cable Sands in this regard.

Whilst these discussions are ongoing, the Company believes that trading in its securities cannot occur on a reasonably informed basis.

In accordance with ASX Listing Rule 17.2, the Company advises that:

- it is seeking the extension to the voluntary suspension pending an updated announcement relating to the outcome of the ongoing negotiations regarding funding or structural alternatives for the acquisition of Cable Sands. MRC hopes that it will be in a position to make a specific announcement regarding the completion of these negotiations no later than 17 October 2011;
- the event the Company expects will end the voluntary suspension is an announcement by MRC in relation to the finalisation of the negotiations regarding the Cable Sands assets as referred to above;
- it is not aware of any reason why the request for the extension of the voluntary suspension should not be granted; and
- it is not aware of any other information necessary to inform the market about the suspension.

Yours sincerely

Peter Torre  
Company Secretary  
**MINERAL COMMODITIES LIMITED**
